Mini-project, as a result of which this book has seen light, was initiated by Marina Pagava with encouragement from the International Center on Conflict and Negotiation, and is a result of cooperation between the named center and the NGO of IDPs from Abkhazia "Assist Yourself" chaired by Marina Pagava. The publication became possible within the project "Confidence Building Measures in Georgia/Abkhazia" supported by Tacis Democracy Program of European Union and Caritas-Holland. The equal partners in this project are International Alert (London), International Center on Conflict and Negotiation (Tbilisi) and the Fund Civil Initiative - Man of Future (Sukhumi).
